

2011 MSTM JV/V Football Concessions

Please note that parents of Fresh/Soph have been scheduled to work Varsity games and parents of Juniors and Seniors have been scheduled to work JV games in order to allow everyone the opportunity to see their own son play most of the time.

Given that we have some parents that help out with the program on game nights doing chains, coaching etc., those families will only be asked to supply (1) parent in the concessions while all other families who do not have one parent working for the program will need to supply (2) individuals over the age of 18. If your spouse or significant other cannot be that 2nd person, please ask a friend over the age of 18 as football concessions tend to be very busy and we need to have plenty of help at each home game.

**Please note that if you do decide to switch with another family, you will need to make sure and switch with a family that has the same number listed beside it as yours as we have calculated the total number needed each night based on past years attendance. Football concessions are extremely busy so please make sure you have the needed number of volunteers on your one night

I will send out emails/text reminders as we get closer to the night that you are working so that we make sure everything runs smoothly. Please text/email Manda at mandasphoto@yahoo.com or 515-210-8837 if you switch with someone so that I make sure and send reminders to the appropriate numbers.

Please note that each family is only being asked to work (1) night for the entire season so please be a team player and and show up for your (1) scheduled evening.

Wade and I will set up for every home game and help clean up as well so if you could be there at least 1 hour prior to the game, things should be ready to go when you get there.
